Re: Grant #1968

Dear Dr. Borek:

The Scientific Director and CTR's staff have discussed your letter of May 23 concerning the International Conference on Cellular and Molecular Control Mechanisms in Carcinogenesis and Differentiation in memory of Dr. Charles Heidelberger.

This is a topic of great interest to the Council, and we consider discussions of this subject important to our mission. I therefore am pleased to tell you that we will make a contribution of \$2500.00 for support of the meeting. A check for that amount is enclosed with this letter.

We request only that these funds not be used to pay for expenses incurred by participants from the industrial sector. We would also appreciate your holding open one registration slot for attendance by a representative from CTR.

Sincerely,

Harmon C. McAllister
